

REMARKS/ARGUMENTS

35 USC 102, 103

The Office rejected claims 1-21 as being anticipated by, or obvious over Enchos (US 2002/0185637).

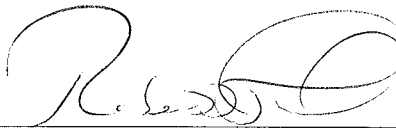

The Applicant largely agrees with the Office, and apologizes for not having previously focused on Enochs Figure 32. The amended claims all contain the limitations of (1) panels rather than belts, and (2) the panels being neither parallel nor co-planar.

In view of the current clarifying amendments and discussion, it is hoped that the pending claims can all be allowed.

Request For Allowance

Claims 1-22 are pending in this application. The applicant requests allowance of all pending claims.

Respectfully submitted,
